"Feed My People" Ministry

He who comes
to me shall not
hunger"
John 6: 35

Father Louis said,
"Can you imagine
being frightened,
hungry and confined
with your children in
a dirt floor hut? This
is the condition of
the people here."

Food and Water for St. Jude and St. Anne in Haiti

Covid struck Haiti making it even harder for people to get food for their families.

In response to the rampant hunger and cries of the mothers and fathers, HART began its "Feed My People" program at St. Jude and St. Anne Parishes.

Food and water distribution have never been a mainstay of our mission in Haiti.

But as Father Roosevelt said, "This is now the way to save lives."

Since that time, every month, HART has sent \$3000 worth of food and water monthly through your kind donations to each parish, just to help families survive.

We send beans and rice, wheat, corn, cooking oil, tomato sauce, pasta, and 2-3 trucks full of water up the mountain to St. Jude and down the coast to St. Anne.

Each month, 600-1000 people, the poorest of the poor, are fed in both parishes.

We would love to add formula and vitamins. God willing, we will!

Father Roosevelt and Father Louis both tell us that this HART ministry has made the Church a beacon of hope for the people.

They tell us at this juncture in Haiti's history, feeding the hungry is the best way for the Body of Christ to spread the Good News.

**One Grandmother told us,
"we have known COVID by**

many names for a long time.
But our COVID is hunger.
And our COVID is that
we are forgotten."

And a pregnant woman told
us she needs to forage for
food for her children
instead of coming to the
Clinic for much needed
mother-baby prenatal care.

**Will you
help the
people of
St. Jude
and St.
Anne
feed their
families?**

**Each month:
\$10 feeds one person
\$20 feeds an elderly couple**

\$50 feeds a family of 5
\$100 supplies a village with a truckload of water
\$500 feeds 50 people
\$1000 feeds 100 people
\$3000 feeds one entire village
\$6000 feeds everyone in both villages
